Monday morning the Hamlin High School Home Economic Department had a new teacher, Miss Annie Mae Hudson, of Denton. Miss Hudson takes the place of Mrs. Holmes who resigned to accept a position with the Federal government. She left Sunday for Rawls, Texas, from which place she will work.

Miss Hudson recently graduated from the State Teachers College at Denton.

CHURCH OF CHRIST

WOODIE HOLDEN, Minister.

Splendid crowds have been in attendance during the last weeks at the church of Christ. The Sunday evening preaching service and the mid-week prayer service have proved much more interesting because of the greater number attending them.

A continuous invitation is extended to you, and a hearty welcome awaits you in all the services at the church of Christ.

Much interest is being manifested in the approaching meeting with Horace W. Busby of Fort Worth, doing the preaching. The date of beginning is March 21, which gives one Lord's Day and the remainder of the week for preparation.

Sermon subject for Sunday, March 14, will be "The Church at Laodicea" for the morning service, and "Can We All See the Bible Alike" in the evening service.

You are invited, and you are always welcome.

WOODIE HOLDEN, Minister.

Mrs. W. C. Collins, wife of the pastor of the Assembly of God, in Hamlin, was called to the home of her father, S. S. McDongle in Stamford, when he became very ill near March 1. He died on March 1, and was buried in the Stamford Cemetery. His age was 64 years.

TWELVE PIPERS GET BASKETBALL LETTER

Bringing to a close the most successful basketball season in school history Coach Galloway reports the following men to receive their letters: L. C. Bonds (captain), Emil Ray Farmer, Loy Hubbard, Dawson McCoy, J. V. Walraven, Joe Knight, Ted Longino, E. J. Whaley, Audine Vaughan, Herman Treadwell, Charles Alexander and Lester Morton.

The Pipers entered six tournaments including district and regional and won four first place trophies and two second place trophies. Winning the district five (5) championship for the first time in history. At the regional meet held at Abilene, the Pipers won their bi-district with ease—then, with too much assurance of getting to go to Austin for the State meet, and some what over-confident, they lost out on the final game by only six points.

What seemed to be the best opportunity the Pipers ever had to win the State honors, drifted away with the final whistle. Out of 45 games played there were 42 wins with only 3 reverses.

Bonds and Hubbard were selected on the all-district team. The team will lose only two of its regulars next year, those graduating are: Bonds, Farmer, Morton, Longino and Vaughan.

NEINDA ROAD HAS

BEEN RETOPPED

One of the prominent community roads in Jones County is that one from Highway No. 15 at Boyd Chapel through Neinda to Highway No. 4, just east of Hamlin.

This road has been given a new coat of high grade caliche and the recent rains just fixed it in good shape.

Miss Ann Ferguson, who has been a student in Texas Tech since the beginning of mid-term, came down to visit her mother, Mrs. B. S. Ferguson and other during the past week-end. She transferred from Texas State College for Women at Denton, to Lubbock's Tech.

A GOOD RAIN BENEFITS COUNTRY

Seldom does this country get such a refreshing rain as that of last Friday night and Saturday morning, totaling about one and a half inches. It all went into the ground, and by that we mean the fields where it will do the most good.

It has not become so dry and with this unusually good rain this time of the year, we may expect the small acreage of wheat that is sown and growing well, to get a hump on with the moisture, and the warmer weather.

There may be several reasons why this part of the state has the greatest amount of prepared farms than perhaps ever before. First the weather has been suitable, and the soil has been in excellent shape, and then we must say that the tractor, that has all but obliterated the "mule" has stepped up the process of breaking and bedding, etc. It looks like the farmer has at last found a way to eliminate a part of the dead toil.

What this part of the state goes happy over is rain. And that's why those broad smile are seen on the by-ways all this week. Plenty of early rains and few or no sandstorms make a fine foundation for prosperity in West Texas.

WENT TO WACO

Miss Kathryn Adkins has a brother in Baylor University. Miss Pat Albritton has her parents in Waco. Both of these ladies are Hamlin teachers. Arlie Cassle has a brother, too, in Baylor University, and he too gets anxious to see his brother—so it makes a convenient arrangement for a "joint" trip to the "Old City on the Brazos"—and it is so easy for two or three minds to be "made up" all on the same line. Anyway, these young people had a good enjoyable motor trip and returned in plenty of time to start the new week again in Hamlin.

week again in Hamlin. O' yes, Prof. Collier, another Hamlin teacher, made the trip too. His parents live in Marlin, and he has no "brother," and what was his excuse to stop in Waco, too?

WATCH YOUR DOG

Last year about this time some unprincipled person (perhaps) poisoned Ye Editor's dog. Now let us warn you—there may again be "poison" in the air. We do not know who poisoned "our little" dog—we are not over the sting yet—but if any other dog is poisoned in Hamlin there is going to be a close watch made. The dog poisoner is a cruel human—and should not take his puny spite out on a poor friendly unsuspecting dog. Watch your dog or better still, watch.

Otto Berlin returned Monday night from a trip to New York where he spent two weeks. Otto reports business in the East is very rushing and that the parts of the flood district is becoming normal. Otto said when he got off his train in New York it was snowing—he had on his heaviest winter coat but they ask him if he was not rushing spring in such a light coat. Otto says, "Give me sunny, balmy, salubrious Texas." It might be in order here to state that Otto still requires but a one-room apartment.

Mr. and Mrs. W. L. Cash of Christoval, were called up Wednesday by the serious illness of George McCracken, who has pneumonia. Mr. McCracken is reported better, Thursday.

Dr. Turner Bynum and wife are back in Hamlin after an absence in South Texas during the past winter months. He is feeling like a new man and really seems delighted to be at home again.

J. D. Zachary and son, Robert and wife of near Meadow, Texas, came down Wednesday to spend a short time with relatives and old friends. J. D. Says his country has the best early season they have had since he went to the plains.

TO TAKE HAMLIN SCHOLASTIC CENSUS

Mr. V. W. Day has been authorized to enumerate all persons over five and under eighteen residing in the Hamlin Independent School District. This enumeration must be made during the present month (March).

Everyone enumerated on the roll will mean \$19.00 for the Hamlin Schools. For this reason we are asking for the co-operation of everyone in securing the largest enrollment possible. Please report anyone over five and under eighteen who may be overlooked by phoning 192, 166, 232, or 279.

C. G. GREEN, Superintendent Hamlin Schools.

Bernard Meeks, Market man for the A. D. Ensey Grocery, was able to return to his job Tuesday, after being out two weeks because of illness.

Don't miss seeing L. C. Bonds as a great inventor in the Senior play, "Happy Go Lucky."

Mrs. W. R. Weaver, of Spur, District President of the Fourteenth District of Texas Congress of Parents and Teachers, met with the local unit last Thursday, March 4. Mrs. Weaver talked on the true meaning and purpose of the Parent-Teacher movement. "It is the bridge between the home and the school which aids in the training of children to take their place in the community. Its sole purpose is Child Welfare and from it, workers receive no remunerative returns and expect only a more efficient and happier generation."

Mrs. Weaver complimented the plans for the Conference which Hamlin has made. "It has been arranged so that most all the members can attend all sessions and thereby benefit from it—but," she warned, "unless each parent attends he cannot hope to gain anything for its having been here."

There is no registration fee and every person who has "child problems" is urged to attend each session of the meeting which begins at 11:00 o'clock Friday, March 26. The program will be outlined in next week's paper.

Mrs. Tom Williams, Homes Chairman, asked that all people who could entertain delegates in their homes over night to report it to her.

Mrs. W. L. Boyd, Chairman of the Buffet Supper Committee, to be served at the Baptist Church, announced that donations of food will be called for and urged that each respond when asked.

A quartette from the Schubert Club, composed of Mesdames Ira Clements, L. H. McBride, Bill Roundtree and Miss Ruby Dean, accompanied by Mrs. Ted Russell, sang, "In the Times of Roses."

Miss Pat Albritton's room won the attendance prize.

Cotton Planting Seed

—With the prices of cotton and all other farm commodities going higher day by day, it will only be natural for cotton seed to go higher.

—The farmer who waits until planting time to buy his seed is going to have to pay a higher price for ANY KIND of seed.

—I have some good planting seed stored in Hamlin—these seed have a high germination test, and were all grown by one farmer, in San Patricia, Co., Texas.

—Better arrange for your planting seed at once.

FROM MR. PROFFITT:

March 4, 1937.

Mr. Bowen Pope,
Dear Friend:

I just thought I'd let you know I was still very much alive and farming to beat the world. I have corn, maize, beans, peas, and onions planted. Peaches and plums in bloom—and, say Boy, I am not drinking gyp lake water—it comes right up and is ready in 10 different places about the house and yard—and say, I like it.

Have some hens, a pig and two cows. Yes, and two goats. Sure, I drink goat's milk! What you frowning about?

Well, I might want to hear from Hamlin once in a while, so I am sending you a check for the Herald and Dallas Semi-Weekly, for a year.

Yours truly,

V. L. PROFFITT,

Gen. Del., Glenrose, Texas.

Now listen, Old Pal, you better shut up—don't watch out a lot more old Hamlinites will go to "Glenrose"—don't pour it on our old gyp. People who try can have plenty of rain water up here—none better. Watch the goats!—POPE.

Whether you will or not, your words speak for themselves.

BROADER SMILES,
FEWER GROWLS

WASHINGTON, March 12.—The polite and courtly gentlemen who run the postoffice department instructed their 100,000 clerks today to follow their example—and quit growling at cash customers.

First Assistant Postmaster General W. W. Howes who signed the order indicated that it was the belief of the postal high command that scowling mugs behind the stamp windows are bad for business. Sarcastic clerks are making a lot of patrons sore, he said, adding that he wants America's postoffices illuminated not only by electric lamps hereafter, but by great big smiles.

Even when the customers get tough the clerks must not tell them where to go, nor what to do, nor otherwise make 'em tougher. If a lady patron, for instance, says she does not like red stamps, the clerk is supposed to give her two green ones for the same price, or suggest that maybe she'd like a purple one at a slightly higher cost.

JAMES A. FARLEY KNOWS

Never said Howes, should his helpers take the attitude that folks have to buy stamps from them, or else. They've got a monopoly all right, but they're supposed to be as nice as polite and obliging as if they were selling vacuum cleaners, or grand pianos, or maybe pink silk petticoats.

There was a fellow named Farley—James A.—it developed, who walked into the Atlanta, Ga., office about 6:57 P. M. one day to mail a package. He bought his stamps all right, but when he went over to the other window to mail his gift, the clerk said:

"Hey you, 1 can't be taking no mail here. It's 7 o'clock—closing time."

Then he slammed down the window, nearly mashing one of the patron's fingers. The latter never did get his bundle mailed.

As it turned out, this Farley fel-

low happened to be the postmaster general. The Atlanta postmaster did his durndest to discover which clerk had offended the head man, but Farley never would tell.

This particular complaint, of course, didn't influence Howes. It was when the mails began to be burdened with pleas of other citizens for more sweetness and light in postoffices that he took pen in hand.

Donald Cherry went to San Angelo last Thursday night to attend the First Annual Scout Circus given by the Concho Valley Council, Inc., Boy Scouts of America, on Friday evening, March 5 and also to attend the San Angelo Rodeo on Saturday. He was a guest of his relatives, Mr. and Mrs. F. W. Ater. He returned Sunday morning.

KNOW TEXAS

Denton, March 12. — The Texas Rangers have long been romantic figures in the history of the state, and for more than a century they have been actively engaged in taming the Southwestern frontier. In the state's early history, they put an end to the scalping raids and train robberies, and brought to justice the fence-cutters, thieves, and murderers.

When Texas became a republic, the organization was enlarged and used to patrol the frontier and to punish Indian raiders. Each Ranger provided himself with a good horse, a rifle, and a brace of pistols.

This early Ranger organization has undergone a series of changes, and although the present organization dates from a law in 1901, a Ranger force has been maintained for the protection of the frontier almost continuously since 1835. It now consists of five companies, each under the command of a captain, with the senior captain in charge of the whole force. Averaging six or seven men to each company, the entire force numbered about 35 in 1936.

When Texas was annexed to the U. S. the Government assumed responsibility for protecting the frontier, and the organization was virtually dropped. However, the Federal troops, largely infantry, were so unused to border and Indian warfare that the Rangers were reorganized.

When the frontier disappeared, Ranger activities were directed against outlaws of their own race. This tended to lessen their popularity, especially since more counties were organized and sheriffs resented the invasion of their territory by outside forces. Following the World War, use of the Rangers to enforce liquor prohibition made the organization less popular, and it was allowed to dwindle. However, in 1935, the force was again reorganized, and with the State Highway Patrol, was placed under a new Department of Public Safety.

DENTON, March 12. — Texans can justly boast of the size of their state and the hospitality of the people. They can speak with pride of their industries—of oil, cotton, and cattle. And they could—though seldom do—do a little exulting over the higher educational facilities which reach into every corner of the state's vast area.

No section of Texas is beyond the reach of some of the higher educational institutions. There are 116 colleges, universities, and academies in the state, 71 of which are fully accredited.

In the accredited schools, there are 51,950 students enrolled, and the unaccredited institutions claim 11,320, making a total of 63,270 young men and women registered in Texas schools of higher learning. The enrollment in a single school varies from 90 to more than 8,000.

The state supports 16 colleges and universities. Largest of the state schools is the University of Texas at Austin with more than 8,000 students in its regular session. Following the University in size are A. & M. at College Station, Texas Technological at Lubbock, and Texas State College for Women at Denton. This latter school being the largest standard college for women in the United States.

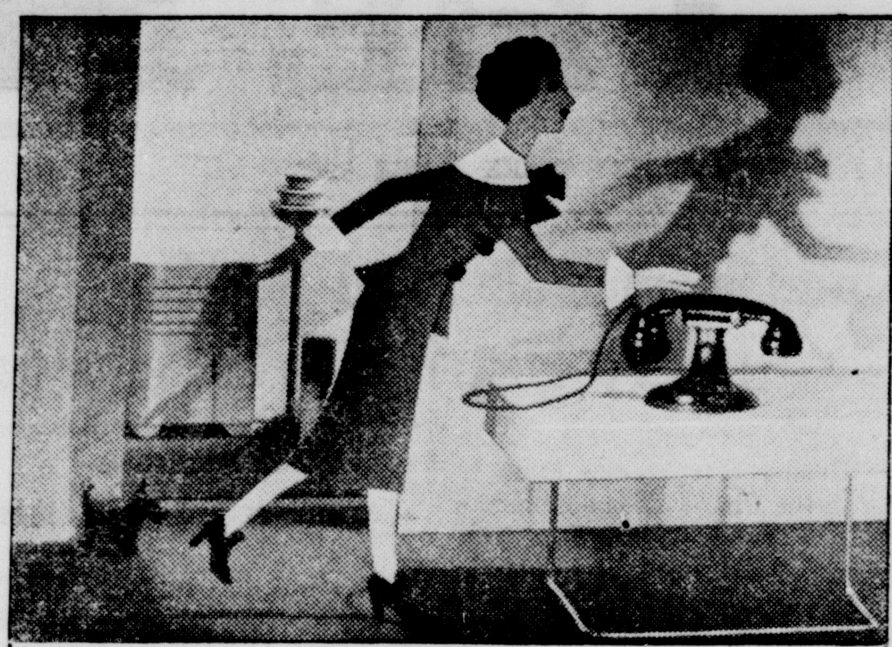

Within the state's borders are 33 denominational schools, 4 private schools, and 18 municipal schools. Junior colleges number 34, and they are topped by 36-four-year schools. There are 61 accredited co-educational schools in the state, 6 women's colleges, 3 men's colleges, 7 teacher's colleges, 2 medical schools, and 2 theological seminaries. Texas also provides for the education of negroes, with four negro colleges enrolling approximately 5,000.

1. Someone may have asked for your number by mistake, discovered the error, and hung up.

REMEDY: If you are not sure of a number, look in the directory before making a call.

2. Someone called you, but got impatient and didn't wait a reasonable time for you to answer.

REMEDY: When you make a call, wait about a minute (10 rings) for a reply before you hang up.

3. You may not have answered your telephone promptly, by the time you answered, the person calling had hung up.

REMEDY: Always try to answer your telephone promptly.

Simple remedies, these... but important. They help us give you better telephone service.

ECKLES EVANGELISTIC PARTY
AT ASSEMBLY OF GOD, IN MEETING

The Assembly of God Church is to be congratulated upon securing the services of the Eckles Evangelistic Party for a meeting which began last Sunday evening at the church.

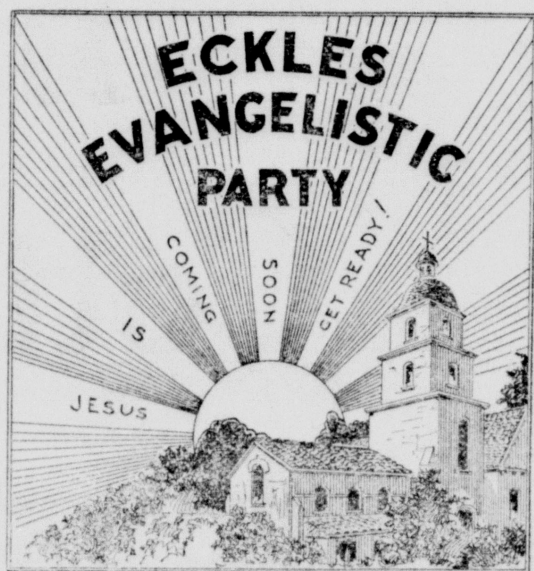

Rev. C. H. Eckles is a man of mature mind, a student of History and Political Economy, having trained in college, and having traveled extensively in this country and in Europe. He brings a fruitful ministry of preaching on a wide variety of subjects. His messages inspire profound reasoning. His method into a subject is direct, going to the basic, fundamental principle. His hearers do not always agree with his views, but they appreciate his fair, unbiased presentation. There is nothing of the cheap, sensational type about him, but he goes about his work without ostentation.

Some of the campaign subjects are as follows: "Darwin or Moses," an illuminating discussion of evolution from the standpoint of the Bible and Science; "Political World Trends," "Communism, Fascism and Democracy discussed by a Student of History and Political Economy," "Christ or Anti-Christ." The world is rapidly forming into two great conflicting camps for the close of this age; "The Coming Golden Age." A new political, social and economic order is about to be ushered in. A thousand and years of peace, prosperity and

happiness; "The Phenomena of Christianity." Alexander, Caesar and Napoleon built their empires with the sword. Christ built His Kingdom on Love. The potency of love is one of the great wonders of Christianity.

Evangelist Ottoma Eckles comes to this community with a real reputation as a children's worker, having trained in a Normal College, and having taught school several years. Her Chalk Talks interest children from the outset. She keeps the meeting vibrant with her cheery, dynamic personality. She has a stereopticon machine with slides of the Creation for the instruction of the little ones. She has an enviable reputation as a children's song leader. She does some of the preaching in the campaigns.

W. C. COLLINS, Pastor.

Dr. C. C. Rister, professor of history in Oklahoma State University, will fill the pulpit of the McCauley Baptist Church next Sunday, March 14. Dr. Rister was reared in McCauley, graduated from the high school in 1911, was superintendent of McCauley school later. His wife, the former Miss Mattie May, was also reared at McCauley. She will accompany him to McCauley and visit with relatives and friends.

Mr. and Mrs. B. B. Gill, who were painfully injured in a head-on collision between a truck and the car in which they were traveling Monday night about five miles east of McCauley, on Highway No. 15, are somewhat improved. B. T. (NIG) STRINGER

SHOT SUNDAY BY

STRAY BULLET, AT LAKE

Mr. and Mrs. B. T. (Nig) Stringer and some friends from Snyder, were at the upper dam of Hamlin Lake when all of a sudden Mr. Stringer felt a thug in his breast. He grasped his hands to his heart and cried out, "I'm shot." Soon blood appeared on his clothing and he was rushed to the Hamlin Hospital where it was found a "spent ball" perhaps from a .22 target had entered his breast on the right side and ranged across to the heart and was deflected by a rib from the heart and lodged under the skin (this is not a doctor's report.)

Mr. Stringer was not badly hurt but is taking precautions. He and his wife are spending the week at their parents home in Snyder. Mr. Stringer is an employee of the Hamlin Compress and has apartments in the B. W. Nobles residence on Union Avenue.

The party at the lake about 4:00 P. M. Sunday noticed some boys or men on the Golf Course apparently

hunting rabbits or birds and it is plausible that a careless stray struck Mr. Stringer just as he looked over the concrete wall at the dam.

TRECE SENORES ENTERTAIN

"Listen, Folks"

BY JIM FERGUSON

(Editor's Note: This article is published as a news item, and represents the personal views of Mr. Ferguson only).

SCRAMBLED EGGS

There are many things going on around Austin and more talked of. From the National Capitol to the State Capitol the wires are being used to obtain information about WPA projects in the Austin sector, and of equal interest to get a set up of the special election called to elect a successor to Honorable James P. Buchanan, Congressman, who died last week. His wife declined to run for the unexpired term of her husband, and as a result a baker's dozen have announced and may announce for the position.

I have been strongly urged to enter the contest, and I appreciate the friendly interest of my friends who would like to see me go to Washington, but as I view the situation, I could not afford the financial sacrifice which the campaign would entail, and I am getting to that age in life where I do not relish the political controversies to political campaigns.

This election, however, will be watched with National interest because of the National issue involved. The Supreme Court issue which is uppermost now in the minds of the whole nation will be viewed with much interest in the first congressional election since the President's message on the Supreme Court was announced. It is stated that Governor Allred will favor the election of one of his friends in the hope that it will increase his prestige with the National administration. It is even stated that Senator Connally's advent into the district at this time and making a speech in the capitol has some unseen connection with the congressional race. In any event, it appears that the campaign between Governor Allred and Senator Connally, though three years away, becomes a reality, and the people have begun to watch the beginning of the show.

The House voted a six cent oil tax last week, and allocated one-half of same to the payment of the pensions, one-fourth to general revenue and one-fourth to the schools. This raises the tax on oil from 2 1/2 cents to 6 cents, but at the same time the new law allows one-half of the revenues instead of three-fourths under the present law. This already is causing considerable discussion and no doubt it will be one of the issues when the matter reaches the Senate.

Governor Allred has announced he is opposed to any increase or liberalization of the present pension law, and if he has his way over half the people that are eligible for

the pension under the Constitution which the people voted will never get their names on the pension rolls. In any event the row over pensions and natural resource taxes will grow higher and higher during the next two weeks.

Among the many bright young men in the House who have become especially prominent in the fight for the old age pensions is Ross Hardin of the Limestone County district. As a matter of ironical

burlesques he introduced a resolution declaring that it was the sense

of the House that no taxes should be levied on anybody until the pension was liberalized. This caused a state of uneasiness on the part of the Governor and he visited the House and strongly condemned the resolution and Mr. Hardin. While the Governor finally defeated the resolution, he was temporarily in a state of official apprehension.

Jap Lucas from Henderson County is also another young man who has been on the firing line for the old age people, and he has made quite a reputation as a rough and tumble fighter in legislative contests. I might add also that Earl Huddleston of Coryell County has been quite prominent in his efforts for the old age pension people and he has received considerable recognition this session.

It look like at this writing, though—that the burden of the deficit in the state treasury is bothering the Governor and his friends no little, and they will likely use the part of the new taxes, which the Governor last summer said they did not need, to pay or reduce the deficit, now ranging around \$15,000,000.00.

Members of the Legislature as well as the Governor, no doubt, would like to sidestep the necessity of levying higher taxes on anybody, and it may be that this Legislature will not do much with the proposition, and submit the question to an election sometime this summer. A constitutional amendment has already been introduced in both houses providing for an election to determine whether a sales tax of two per cent should be voted to pay the old age pension to all persons over 65 years of age without any red tape or personal disqualification. The members of the Legislature could then vote the sentiments of their constituents no matter which way the election went. To say the least, the whole question is perplexing, and

at this writing it is clearly a case of scrambled eggs and political eggs at that.

BOYS WANTED FOR CCC WORK

According to C. J. Sweeney, Administrator for the Texas Relief Commission in Abilene, word has been received that there will be an enrollment the first part of April for youths for CCC.

"The same requirements or eligibility as formerly are in force, i. e., the applicant must be from a family receiving assistance from some government agency, and between the ages of 17 and 29, and able to pass a physical examination." Mr. Sweeney further states, "Actual quotas have not been established, and until an accurate estimate can be made of the number of boys available. Consequently, all those who desire to be in the next enrollment should immediately call at their county welfare office and make application."

The present session of Congress has appropriated funds for continuing the CCC program for several months and there is doubt that it will remain one of President Roosevelt's major programs. Those boys who apply themselves will receive promotion and increase in pay that will be more than they would be able to earn in private employment.

If you would rise to an occasion, watch what you fall for.

MRS. YARBOROUGH RETURNED
LAST SATURDAY

Mrs. C. D. Yarbrough returned last Saturday from the government hospital at Hines, Ill., where she had been since about Feb. 3, with her husband.

Mrs. Yarbrough says her husband stood the operation so well and reports are that he is now able to be in a wheel chair. It would appear that in a few months he will be able to return to "Sunny Texas" and be again with old friends.

He has suffered for eleven years and it seems the medical branch of the government is going to "patch up" this old boy who spent so much time in the trenches for his country.

Warren Nobles came down from Texas Tech Sunday to visit his mother, Mrs. B. W. Nobles.

MISS ROUTH MAKES
HONOR ROLL AT BAYLOR

Miss Betty Myrie Routh, daughter of Mr. and Mrs. Tom Routh of Hamlin, was one of 80 Hardin-Baylor students listed on the fall semester honor roll making not less than B in 5 subjects.

Twenty per cent of the student body made the honor roll for the fall semester ending January 21. In addition to her good scholastic record, Miss Routh is a member of the college chorus.—Director Publicity.

The time to quit work is when the job is finished.

Mr. and Mrs. W. D. Young and children were through Hamlin Sunday from Dalhart to Van, Texas, where they will make their home. This means Bill Young is kicking the dust off his heels and taking a chance down in the "watermelon, evergreens and blossoms" of good old Van Zandt County.

TWINS — TWIN BOYS

Mr. and Mrs. E. E. Kimbler were surprised Wednesday morning when TWO big fine boys arrived at their home. Names? Well, the last time the father was interviewed, he had not fully recovered from the shock to think of names. Perhaps he will select something like Frank and Delano.

Mr. Kimbler is bookkeeper for the Gibson Lumber Yard, and since we do not find his name on the Herald subscription list we shall make him or HER a present for one full year. Well!

Mrs. Annie Gamble of Plainview, came last week to spend two weeks with her parents, Mr. and Mrs. O. W. Rush and sisters, Margie, Obera, and Wynona Ray.
